2. Referring to the Placement Guide and photo on front cover, place the Letter 1 and assembled appliqué elements from Steps a and b, above, onto the Background. When satisfied with placement, press all elements firmly to the Background **except for Flower 3B. Pin Flower 3B back from the edge of the background, to prevent it from being caught in the seam when the borders are Sewn. Once borders are added, press Flower 3B firmly to the Background.**
