

Snow Buds™ Table Runner

2nd Edition

12" x 36"

Designed by Michelle Pratt,
Exclusively for McKenna Ryan

Materials Needed:

- Two Snow Buds Art Prints
- Fabric 1: one FQ for HST and sashing
- Fabric 2: 1¼ yards for HST, sashing, border, binding and backing
- Cotton Batting: ⅜ yard

Before Getting Started:

- HST = Half Square Triangle
- WOF = Width of Fabric
- RST = Right Sides Together
- Use an accurate ¼" seam allowance unless otherwise noted.

Cutting:

1. Trim both Snow Buds Art Prints to 8½" x 8½" square (trim equally on all sides to maintain position of image)
2. Fabric 1: Cut two - 1½" x 8½" strips (set remainder aside)
3. Fabric 2:
 - a. Cut two - 1½" x 8½" strips
 - b. Cut three - 2½" x WOF strips. From this, subcut:
 - Two - 2½" x 32½" strips
 - Two - 2½" x 12½" strips
 - c. Cut one - 13" x WOF strip for backing
 - d. Cut three - 2¼" x WOF strips for binding
4. From remainder of Fabric 1 and 2: Make twenty-four 2½" HST using your preferred method

Assembly:

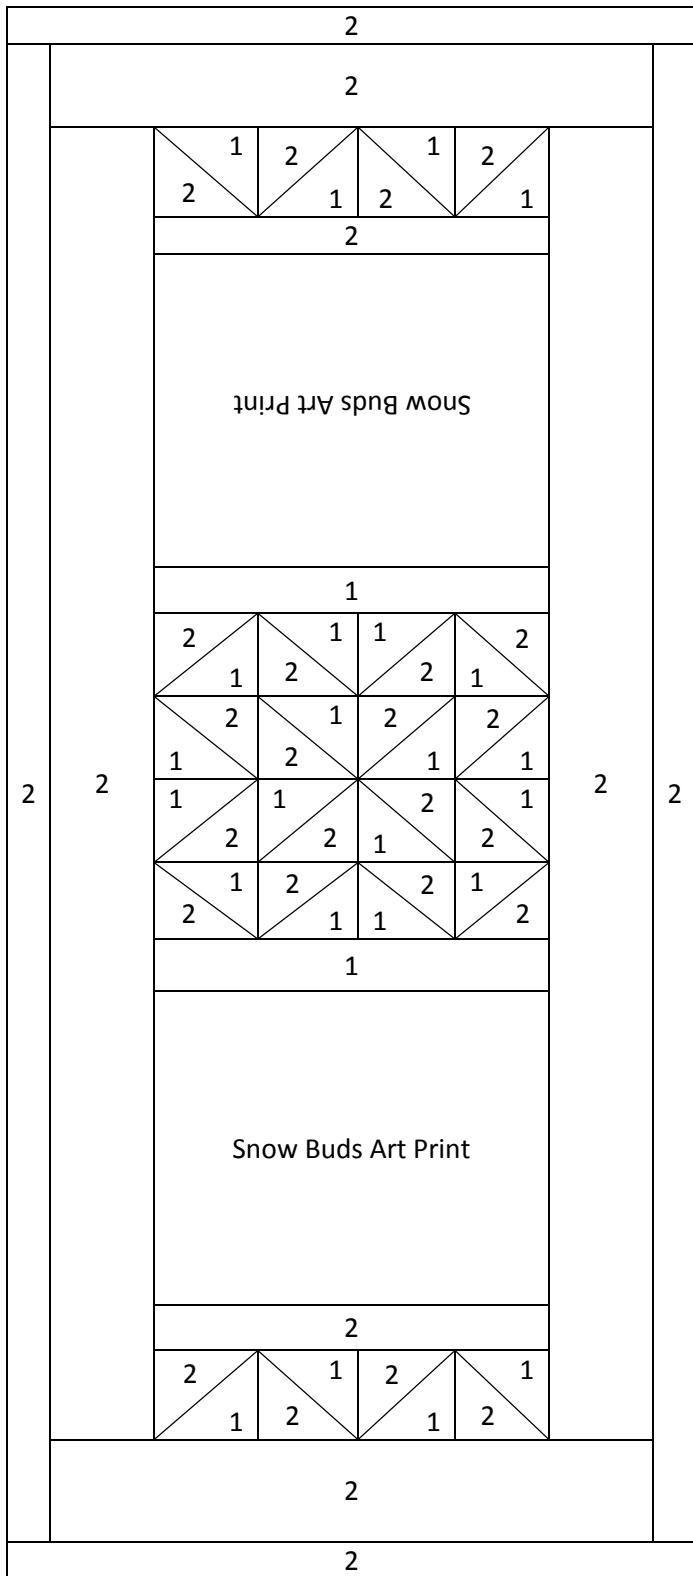

1. With RST attach the Fabric 1 sashing strips to the top of each Snow Buds Art Print. Then, with RST, attach the Fabric 2 sashing strips to the bottom of each Snow Buds Art Print. Iron sashing strips away from Art Print and set aside.
2. Refer to Diagram 1 for placement and follow the assembly steps using sixteen HST's to make the center snowflake. You will end up with an 8½" x 8½" square.
3. With the remaining HST's, make two rows of four, alternating the light and dark fabric of the HST's, using Diagram 1 as a placement guide. With RST, sew one row to the bottom sashing piece of each Snow Buds Art Print. Iron open.
4. With RST sew top sashing of each Snow Buds Art Print to center snowflake square. Iron flat. You should now have an 8½" x 32½" rectangle.
5. Sew the 2½" x 32½" Fabric 2 border strips to each side of the Table Runner. Sew the 2½" x 12½" Fabric 2 border strips to each end. Now would be the time to add any embellishing to the table runner.*

Finishing Up:

1. Use the 2¼" Fabric 2 strips to make the binding using your preferred method.
2. Layer backing, batting and table runner top together and finish with a stitch-in-the-ditch between the border and center rectangle. Now would be the time to add any quilting.*
3. Trim the backing and batting even with top of runner and bind.

Place it in the center of your table for a fun touch of color!

* **Embellishing and Quilting:** (Optional) If you plan on all-over quilting your table runner, do not embellish until after you are done quilting. You can embellish your project using beads or sequin snowflakes and highlight portions using embroidery thread. Find custom embellishment kits at www.pineneedles.com

Suggested Fabric List:

Fabric 1: 1895-536 Aquarius

Fabric 2: 1895-577 Bayou
